**Business Arising & General Business:**

1. Community Coordinators – lost of positive feedback received from the community, plan to contact all the coordinators to get specific feedback regarding the scheme, this could also inform an item in newsletter.
2. IMAS & Ornatas – planning application for the lobster hatchery lodged with Kingborough Council. Communication between the TCA and IMAS and Ornatas has been good. Detail of design is not available until council have reviewed the application, there is then a limited time to respond to that plan. TCA noted there is a SW boundary adjustment related to the land parcel being transferred to council, correction of this and measure for weed control were conditions placed by council prior to accepting the land transfer.
3. Newsletter – Fiona and Liz discussed creating a Taroona Walking Map to be included in the newsletter as an A3 insert, prior work on this by Dal was referenced in TCA discussion. Likely publication of newsletter in June.
4. Taroona Park – Residents have noted increasing mountain bike use in Taroona Park (including building of humps out of mounds of dirt) and raised the issue of potential to clash with other users. TCA may choose to engage with council but this use may decline as lockdown restrictions ease and parks re-open, watch for now.

Louise Hinsby Reserve to be discussed at next meeting.
