## March 2020

### **Next working bee - Sunday March 15, 2-4 pm**

Please come along and join in activities. We will be doing the last of the Autumn harvesting.

We will also be mowing over the accumulated waste for compost manufacture, and fixing the collapsing edge of the berry patch, so people with those skills are needed.

We will have the usual happy gathering over shared afternoon tea at 4pm. It will be our last chance to enjoy tea in the afternoon sun of daylight saving time!

### **2020 Annual General Meeting of TNG**

**This will be held in the community hall at 7.30 pm on Thursday 26<sup>th</sup> March**

**Please come along to vote for committee and executive.**

Nominations are still open for all positions, and in particular we still have insufficient nominations for committee membership. We'd love to hear from you if you would like to nominate, by March 20 please.

The formal meeting will be brief (Elections, President's report) and we have a photo show of the garden through the years, a rogues gallery of weeds, and delicious supper to follow.

### **Sheep Manure**

There are still several bags of sheep manure stored behind the compost bins. Please put \$4.00 per bag into the donation box if you take one.

### **New Entrance**

This is now mostly complete. A notice board and free produce box are still to be added. The box will hold spare produce which the community is welcome to take. Signs will go up soon.

### **Pick your produce, or share it!**

Many plots have tomatoes and beans and other vegetables heading towards over-maturity. If you have excess, please pick them and leave in the new produce box for others to enjoy.

### **Finally....thankyou for paying your subscription**

Thank you - EVERY member is now paid up for 2020!
